CHAPTER 5

ECONOMICS OF THE RIGHTS TO KEEP & BEAR ARMS AS SELF & CIVIL DEFENSE

The US forefather's 2nd Amendment of the US Constitution clearly reads;

“A WELL REGULATED MILITIA, BEING NECESSARY TO THE SECURITY OF A FREE STATE, THE RIGHT OF THE PEOPLE TO KEEP AND BEAR ARMS, SHALL NOT BE INFRINGED.”

Confirming the Taxpaying Commoners Rights to defend their life, liberty, & property as;

- Self defense against *cowards*, *corruption*, & *coercion* theft.
- Civil defense against foreign *cowardly* invasions. Attempting to temporarily prop up their *failed* economy. With their *usual War's inhumanity* inflicted by politician's *prior Negative cash flow* choices.
- Civil defense against our own government's Negative cash flow by corruption & discrimination against others. As our *cowardly* government forces commandeering, confiscation, & *coercion* theft. Against the government's own Taxpaying Commoners.

ECONOMICS OF SELF & CIVIL DEFENSE v. *cowards*, *corruption*, & *coercion* THEFT

History confirms the economics of Nations guaranteeing their Taxpaying Commoners Constitutional Freedoms & Rights to “bear arms” v. foreign *coward's* economic invasions;

- For each & every home economically becomes a fortress or pill box. For the Taxpaying Commoners to stand their ground, eliminating as many invading *cowards* as possible.
- With today's reasonably priced shoulder mounts & drones as civil defense. That have the economic capability of inflicting billions of dollars in losses. Bankrupting the *usual cowardly* dictator's offensive military tanks, planes, ships, & their cash flow thereof.
- Even an economically ignorant dictator *knows full well*. When Taxpaying Commoners are willing to stand their ground. To defend themselves, their sustainable long term investments, & their Positive cash flow opportunities for everyone to work toward.

History reflects it is best if a *cowardly* dictator simply moves on to find other defenseless Taxpaying Commoners. To rape, murder, & plunder assets from. To temporarily prop up a *cowardly* Nation's Negative cash flow & collapsed economy.

Unfortunately, mankind will have the *usual cowards, corruption, & coercion* from within;

- These *cowards* abuse their Constitutional Freedoms & Rights to “bear arms”.
- These *cowards* murder unarmed men, women, & innocent children.
- These *cowards usually* kill themselves last, instead of killing themselves 1st.

International medias are inevitably promoting the *coward's* murders. By referring to the *coward* as a gunman. Real men do not murder unarmed civilians, only *cowards* murder.

For mankind's survival, it would be best if International medias reported the truth of the despicable *cowardly* murders. As that of being a COWARD & only as that of a COWARD.

For a born COWARD, lives like a COWARD, & dies like a COWARD. Because quite frankly a COWARD is a COWARD.

MANKIND'S HISTORY & TODAY'S UNCENSORED TECHNOLOGY SELF-EDUCATES US

- Of *past* civilizations educating men & women the art of self & civil defense. To defend themselves, their families, & their Nation, against *cowards, corruption & coercion* theft.
- Of *present* Nations Rights to “bear arms”, shoulder mounts, & drone protection. That economically eliminate the *cowardly & corrupt* Absolute Powerful's dictatorships. Who before invading *short* a Nation's stock exchange & *long* their International munition stocks. For more unsustainable short term ill gotten gains. Record keeping, AI, & the filming of war crimes, as Court evidence. Will be use to prosecute the *usual cowards, corruption, & coercion*. At Peacetime's accountability of corruption's *like-kind* retribution as *payment-in-kind*, owed to the victims thereof.
- *Future* Nations will live in technology advanced yet simple, off the grid green houses. So independent families can survive years of the *usual* attempted raping, murdering, & the plundering of assets. *Knowing full well* to Subsidize to encourage infrastructure & education as a hand up, as the Arts & Sciences of economical self & civil defense;

FOR THE SURVIVAL OF MANKIND'S ECONOMIC PROSPERITY GLOBAL TRADING & WORLD PEACE
